

COVID-19 TEST APPLICATION PROTOCOLS

To comply with International Centers for Disease Control and Prevention's new guidelines that air passengers entering the United States and other countries will need to provide a negative COVID-19 test before boarding their flight; we are pleased to expand our Seadust Safe program and facilitate the following services:

ANTIGEN TEST

Our resort will offer quick onsite COVID-19 antigen testing. Tests will be conducted on an assigned module at the foyer from Monday to Saturday, 10:00 am to 6:00 pm. These tests cost 20 USD and payment must be done at the module (with an option to be charged to the room in extraordinary cases) by credit or debit card only.

Testing and samples will be administered by expert staff from the "Farmacias del Ahorro" laboratory. The results will be received within 30 minutes, and documentation will be ready for guests to present at the airport for their journey back home. Guests can schedule their departure tests as soon as they check-in at the resort at this link:

<https://www.fahorro.com/registro-prueba-antigenos>

PCR TEST

For guests traveling to countries requiring PCR testing instead, our concierge teams will help facilitate testing onsite through a laboratory. It will be in the room. Additional fees of 115 USD per test will apply. The results will be received in 24 or 36 hours and documentation will be ready for guests to present at the airport for their journey back home.

ADDITIONAL INFORMATION

Should a guest test positive, preventing departure, they can spend the 14-day required quarantine in a special suite (within a specific floor) following all the Seadust Safe protocols. The extension of their stay will have a special rate of 60 USD per night per person.

All States in Mexico are currently operating under an Epidemiologic Risk Assessment (traffic-light system) to move towards the "new normal." Thus, compliance with regulations for public spaces to avoid COVID-19 transmission is enforced through a monitoring system. For more information, visit <https://www.visitmexico.com/>

At Seadust Cancun Family Resort, we have implemented the Seadust Safe protocols to make sure your stay is as fun as it is safe; for more information, visit ***<https://www.seadustcancun.com/en/seadust-safe/>***
